

Freestate Blackpowder Shooting

Provincial – 24 April 2010

The Freestate Provincial Shoot will be hosted on the “Vereeniging Praktiese Pistol Skietklub” range in Vereeniging.

Although our province is the Freestate Province and many of our members live in the Freestate, this range is the closest to most of our members.

Anyone who knows where the Pick & Pay is in Bedworthpark, between Vereeniging and Vanderbijlpark, is very close to the range.

Directions:

Follow the R59 – Alberton to Sasolburg. Take the Vanderbijlpark turn-off, to your left, under through the high-way to a robot intersection. At the intersection take the slip way to your left. Pick & Pay is on your right. Cross over two “Stop” Intersections and take Mario Milani Drive to your left. This road is very bumpy with not as many potholes as in the past. Follow the road for about four kilometers – the shooting range is on your left.

Alternatively:

If you know where the Riveira hotel is in Vereeniging you can drive past the main gate of the Riveira – driving south – cross the two “stop” intersections, follow the road through a bend or two and the range is on your right.

Total costs for the day is R150.00. A cash canteen has been arranged to sell food and beverages (non-alcoholic) on site.

Please remember to bring your tables, chairs, shading as well as your shooting tables. Only one of the ranges has loading tables and also only six of them. Please work as if there are no tables and very little shading.

We will provide fires and “pap and sous” for the braai after the shoot – So please guys bring your full cooler boxes along together with a “vleisie”.

Hope to see you all at the first provincial shoot that the Freestate Province will be hosting in the BPSU history.
